**Industrial version of New Generation E-Life Kiosk Series EK-519, has been developed as a solution for reliable and durable kiosk needs, especially in all industrial environments. EK-519 combines an easy-to-use barcode printer drawer in a functional design with advanced features.**

### Ready to Digital Transformation Projects in Smart Retail

New E-Life Kiosk EK-519 has been developed as a solution for reliable and durable kiosk requirements in demanding retail applications. EK-519 combines versatility and functionality in an attractive design which easily capture customer's attention in retail environments.

### Versatile Kiosk Solution with Flexible Design

E-Life Kiosk EK-519 aims to add a new dimension to the kiosk solutions needed in retail environment with its versatile and flexible design which allows to add many peripherals without a major design customization with its modular front module. EK-519's durable 19" Multi Touch Projected Capacitive Touch Screen provides a user experience same as mobile phones which attracts customers in retail environment.

### High Performance and Rich I/O

E-Life EK-519 provides high CPU performance in all self-service applications with its standard Intel Celeron J1900 CPU and Intel Core i3, i5 and i7 processor options. EK-519 provides fast and easy deployment in the field with its enhanced I/O structure and various peripheral options.

### Fast and Sensitive Multi-Touch PCAP

E-Life EK-519 combines high sensitivity and fast operation with 10-Point Multi-Touch with its 19" Projected Capacitive Touch Screen, which is used as standard in all new generation E-Life Kiosk models.

### Functional and Adaptable

Ek-519 has a versatile peripheral cover at the front of the kiosk and it provides to adapt peripherals such as barcode scanner, NFC reader, keyboard, and cameras. This flexible design allows EK-519 to fit any self- service kiosk project in retail applications without struggling with design customizations.

# Technical Specifications

## Processor

Intel® Celeron® J1900  
Quad-Core 2.00 GHz  
Optional Intel Core i3 and i5  
Processor with other Inno-Box  
PC Models

## RAM

4GB 1333 MHz DDR3L

## PC Module

Inno-Box J1900 Industrial  
Box PC

## SSD

64 GB mSATA SATAIII SSD

## PC Chassis

Aluminum with Fanless  
Architecture

## Display

19" TFT LCD

## Display Resolution

1280 x 1024

## Display Brightness

350 cd/m<sup>2</sup>

## Display Contrast

1000:1

## Touch Screen

Multi-Touch Projected  
Capacitive Zero-Bezel

## Touch Screen Features

10-Points Multi-Touch,  
Glass to Glass Structure

## Graphics Adapter

Intel® HD Graphics

## LAN

2 x Realtek RTL8111G  
Gigabit Ethernet

## Serial Ports

6 x RS232

## USB

5 x USB 2.0  
1 x USB 3.0

## Audio

Realtek ALC269, 2 x 5  
Watt Stereo Speaker

## Power Supply

150 Watts Industrial Grade  
Power Supply

## Kiosk Chassis

Metal Body with Electrostatic  
Power Paint  
Totem Like Design  
Modular Front Cover for Easy  
Peripheral Integration  
Locked Front Door  
Customized Color Options

## Mounting

Floor Mount Holes at Bottom

## Packing

Optional Wooden Pack for  
Transportation

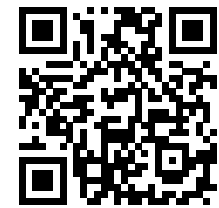

## Optional Peripherals

MIFARE or MSR Reader  
60 or 80mm Thermal Kiosk  
Printer  
1D/2D Barcode Scanner  
Wi-Fi Adapter  
Stainless Steel Keyboard and  
Trackball
